Sir:

Applicants hereby request resumption of prosecution in the above-titled patent application.

Applicants respectfully submit that the issues prompting suspension have been resolved and thus, prosecution in this matter can resume. Below is a brief history of the above-titled application.

A Petition for Suspension of Action in the above-titled application was filed with the U.S. Patent and Trademark Office (U.S.P.T.O.) on March 26, 1998. A Petition for Further Suspension of Action in the above-titled application was filed on December 22, 1998. At that time, the '667 patent was pending reissue before the U.S.P.T.O. as U.S. Application Serial No. 08/662,410, filed July 12, 1996, in order, *inter alia*, to correct the inventorship of '667 patent from Mr. Steven D. Zimmermann

**PATENT APPLICATION**

as the sole inventor to Mr. Zimmermann and Dr. H. Lee Martin as joint inventors. The '667 patent reissued with corrected inventorship as U.S. Patent Re. 36,207 on May 4, 1999 .

On January 11, 2000, Applicants filed a Petition for Correction of Inventorship and an Assignee's Consent for Correction of Inventorship in the above-titled matter, namely U.S. Serial No. 08/887,319. By the filing of these papers, the inventorship of the current application was corrected to match the inventorship of the parent patent application U.S. Serial No. 08/662,410, filed July 12, 1996 now Reissued U.S. Patent 36, 207 (formerly the '667 patent).

In view of the above, Applicants respectfully request that the prosecution in the current application be resumed. The Examiner is respectfully invited to contact the undersigned attorney in the event a dialogue or interview may be deemed appropriate.

No fee is believed due, however, if a fee is required, Applicants authorize the Assistant Commissioner to debit our Deposit Account No. 19-0733.
